

**National Association of Women in Construction San Gabriel Valley Chapter #110
Presents Two Educational Seminars...**

**Friday, May 18, 2018
Basic Mechanics Lien Seminar**

This seminar will provide a general overview of the liens available to contractors of every tier, material suppliers and vendors who furnished labor, material and equipment to a work of improvement. It will also identify those who are entitled to file a mechanics lien on a California private works project. It will also review in detail how to fill out and serve the California Preliminary Notice, will identify the deadlines and methods for serving the preliminary notice and serving and recording the mechanics lien, and how to use the statutory lien release forms.

**Friday, September 21, 2018
Advanced Lien Seminar for Public Works Projects**

This seminar will identify and compare the benefits and uses of all construction liens on private and public works, and who is entitled to use such liens. It will discuss in detail how to fill out the Stop Payment Notice and submit a claim on the Payment Bond on both private and public works, and will review the important deadlines that must be met to assure your liens/claims are enforceable. It will review in summary fashion the California Preliminary Notice. It is highly recommended that anyone attending this Advanced Lien Seminar first attend the Basic seminar which will thoroughly discuss how to fill out the California Preliminary Notice, how to serve, and important deadlines.
